The Request for Reservation form is meant to provide Pilgrim Heights' staff the required information in sufficient detail to best accommodate the needs and wishes of each guest group or individual. Guest Group Rates will be available so that a Request for Reservation can be completed without direct contact with Pilgrim Heights' staff. In some cases, the Request for Reservation will be completed and sent to Pilgrim Heights via mail or email. In the event that self-transportation is required, Guests may choose to be responsible for their group's medical emergency transportation or ask that Pilgrim Heights' staff be responsible. In any case, Guests will be provided access to the designated medical emergency vehicle as instructed during Guest Orientation to safety procedures and regulations.

Guest Policy on Waterfront Activities

The Lake is a special part of the natural environment and recreational opportunities found at Pilgrim Heights Camp & Retreat Center. We are dedicated to preserve and protect the Lake and provide safe and enjoyable recreational opportunities to campers and guests.

Approved Waterfront Activities include beach activities, swimming in designated swimming areas, boating, fishing and ice activities. Separate areas are designated for each activity.

All participants, staff and guests must follow all safety rules as posted at the waterfront areas.

We use and recommend the buddy system for all swimmers and boaters. Swim Buddies must stay in the same swimming area. A buddy check is conducted at least once during each waterfront activity time. Whenever a whistle is blown all swimmers will immediately get out of the lake, find their buddy and wait for instructions; boaters will stop unnecessary action, find their buddies and wait for instructions.

Access to the waterfront and waterfront activities may be restricted temporarily based on other guest group agreements or Pilgrim Heights' programming scheduling, staffing, and weather or other safety concern. You will be notified of these scheduled restrictions as they occur, and will be reminded of any activity schedules or restrictions upon check-in and orientation. If severe weather approaches (thunder and lightning) all waterfront areas will be closed and swimmers, boaters and those fishing must leave the lake area immediately.

Pilgrim Heights wants to provide a safe and enjoyable waterfront experience for all participants regardless of mobility needs and level of independence. To protect individuals with mobility impairment around the lake and waterfront please assess how best to handle wheelchair restraints, and provide an able-bodied buddy who is familiar with their buddy's restraints and limitations and who accompanies their mobility impaired buddy whenever he/she is near the lake. Wheelchairs in the beach/waterfront area must have the brake set and a block in front of the wheel to prevent accidental rolling.

Emergency procedures for waterfront activities are a part of the broader Emergency Procedures for Pilgrim Heights that each Guest Group representative must read and review with Pilgrim Heights' staff and sign off on at Check-in. Please be sure each of your group is aware of emergency safety procedures for the waterfront. Rescue equipment and First Aid kit are located at the waterfront shelter SE pod, and a phone is located inside the door of the building where the Rules are posted.

Please help us keep our waterfront equipment and facilities in safe, working order and bring to Staff attention any need for repairs or replacement.

SWIMMING

A reservation and signed contract is required before guests/visitors may swim in the lake. You may not provide swimming lessons as a waterfront activity,

A Waterfront Certified Lifeguard and someone certified in CPR must be on duty whenever anyone enters the water at the swimming areas. Someone trained in First Aid is also recommended.

Swimmers are allowed only in the designated swimming areas: 1) the beach and shallow roped swimming area, 2) deep roped swimming area including anchored float, and 3) open water swimming. When swimmers are in the open water swimming area, boating will be prohibited in that area.

You may contract with Pilgrim Heights for Waterfront Certified Lifeguards. If you bring your own lifeguards, they must provide a copy of their current certification from a nationally recognized certifying organization. Your lifeguard must be on active duty when anyone is in the water. A dedicated, trained watcher/lookout should be onshore assisting with swimming safety.

All persons who use watercraft of any kind are required to wear Coast Guard approved personal flotation devices (PFDs) that are appropriate to their size and age and in good condition. If you are providing non-motorized watercraft instructions as a waterfront activity, we suggest that your instructor(s) has documented certification in instruction for the type of activity or watercraft you are using, or has documented experience, knowledge and skills in teaching and supervising the particular watercraft activity. Guests may not provide motorized watercraft training as a waterfront activity.

FISHING

Fishing is allowed in Sportsman/Fellowship Lake on a catch and release basis. The possession or use of minnows at the lake is prohibited. Fishing may be from boat/watercraft or shoreline or reserved dock. Use caution and use the buddy system for fishing activities. Pilgrim Heights maintains a limited amount of fishing gear for use of participants and guests. Please indicate to Staff your desired schedule for fishing to coordinate with the scheduled activities of other guests or program participants on site. Access to the lake and fishing activities may be restricted temporarily based on other guest agreements or Pilgrim Heights' programming. You will be notified of these scheduled restrictions as they occur, and will be reminded of any activity schedules or restrictions upon check-in and orientation.

Suggested Fishing Supervisory Ratios are: When supervising fishing (by children under the age of 14) one adult (preferably trained lifeguard) may supervise a group of no more than 5 children under the age of 14, keeping all children at the same location and within visual range. A person trained in First Aid/CPR should be available to those fishing.

Use of Personal Flotation Devices is required when in a watercraft, but may be advisable for shoreline fishing with younger children or non-swimmers.

Ice Fishing: Is allowed only with the approval of Pilgrim Heights Executive Director. Fishing policies remain in effect for ice fishing.

Guest Policy on Supervision of Minors

An adult must accompany minors under the age of 18 at all times, throughout the grounds. We recommend to all guests with minors as part of their group to adhere to the supervision ratios relating to number of adults who should be supervising minors overnight or in general activities. These recommendations come from the American Camping Association.

Overnight supervision of minor guests:

Age 5 years and younger	1:5 adult to minors
Age 5 years to 8 years	1:8 adult to minors
Age 9 years to 14 years	1:6 adult to minors
Age 15 to 18 years	1:10 adult to minors

Day Activity supervision of minor guests:

Age 5 years and younger	1:6 adult to minors
Age 5 years to 8 years	1:8 adult to minors
Age 9 years to 14 years	1:10 adult to minors
Age 15 to 18 years	1:12 adult to minors

The American Camp Association also recommends that 80 % of supervisory adults be over the age of 18, and that supervision be by persons at least 16 years of age and at least two years older than the minors they are supervising. If situations warrant, you may want to determine when exceptions to these ratios may be advisable, depending on the type of activity, characteristics of minors and the location.

We also recommend that adults who could have unsupervised access to children sign a Voluntary Disclosure Statement and submit to screening through the National Sex Offender Registry. If you group would like to utilize our services for this, please let us know at least two days prior to your event.

SEE Policy on Waterfront Activities for specific supervisory ratios recommended for swimming, boating, and fishing.
